

## WHAT IS A PATIENT PARTICIPATION GROUP ? (PPG)

- We are a group of registered Volunteer Patients at this Surgery, who are confident that our group is a really useful link between patients and the Practice, meetings are held at regular intervals throughout the year.
- The meetings explore suggestions and ideas identified by members of the Group, Patients, Surgery Staff and any external organisation that promotes good health and preventive care which is of benefit to the Practice, Patients and the wider community.
- If the idea of attending meetings is not for you, how about the alternative, join our email (Virtual) group so you can give us your ideas without coming to meetings.
