

The Community Info Hub

Here's some things we can help with -

Our Info Hub Volunteers

- Can spend a little time with people and have a chat, maybe even a cuppa
- Sign post people to community activities, events and services
- Tell people about available health care checks and lifestyle advice
- Talk people through information we have like the Winter Readiness leaflet
- Find activities and groups that can help alleviate loneliness and isolation

Our Desk Advisors

- Give more informed referral guidance, making sure people are going to the right place
- Spend some time with people unpicking some of the things we may be able to go through without having to refer to a service
- Friendly “turn the computer round and have a look together” guidance
- Help navigating websites and online advice eg: HBC website and services
- Printing off information found online for people to refer back to at home
- Book them into the Digital Inclusion service or drop in clinic
- Book them in to health and lifestyle coaching with One You East Sussex

COMMUNITY INFO HUB

Hastings Town Hall (Priory Meadow Entrance)

Thursday/Friday: 10-4pm | Saturday: 10am-2pm
