

## Tell us your experiences of health and care in Rye and the surrounding area

---

Our 2023 Listening Tour focuses on hearing the experiences of the public, patients and professionals on their experiences of health, care and wellbeing in Rye and the surrounding area.

Since the 10<sup>th</sup> September we have been out and about across the Rye area, listening to people's views on health and care services, as well as themes such as access to transport, housing and leisure provision.

We will use the feedback we received to make recommendations to support positive changes to local health and care services.

### Tell Us Your Views

We want to hear from anyone living in, or using health or care services in that part of East Sussex so that all voices are heard.

Please complete our Listening Tour 2023 Survey and tell us:

- Which services you have used
- What works well and what needs to change
- Any impacts from changes in cost-of-living

## Thank you for feedback so far

---

Thank you to everyone who has shared their feedback and experiences with us so far.

We appreciate that sometimes these stories can be difficult to recount but by speaking up you are helping to change these services for yourselves and many others.

If you have been unable to see us during the tour, there is still time to complete our survey which runs until midnight on the 15th October.

---

## Contact Us

---

Further information about our Listening Tour can be found on our [website](#).

For general Listening Tour enquiries please contact:

Riona Doidge, Volunteer and Engagement Manager via [enquiries@healthwatcheastsussex.co.uk](mailto:enquiries@healthwatcheastsussex.co.uk)

To share feedback on health and care services in East Sussex any time, visit the [Healthwatch East Sussex Feedback Centre here](#). This allows Healthwatch to understand how services are performing, what has been good and where improvement is needed.
